

What do I have to watch out for on moving day?

Small things are often forgotten even on moving day. Carefully read through the following checklist the day before to avoid forgetting anything.

- Valuables:** Transport personal items yourself by car
- Meals:** Organize catering for relocation helpers
- Have garbage bags and cleaning products ready
- Delicate floors:** Cover the floors of your new apartment to protect them
- Furniture layout:** Hang your furniture layout in the new apartment, arrange your furniture first, then bring in the boxes
- Lamps:** Dismantle the lamps, pack them and put them back together once you arrive at your new apartment

Inspect your old apartment one last time, checking the basement, floor finish and garage
